What is the Youth Leadership Forum?

The Youth Leadership Forum for students with disabilities (YLF) is a unique career leadership-training program for **high school juniors and seniors with disabilities**. By serving as *delegates* from their communities at a three and half day event, young people with disabilities cultivate leadership, citizenship, and social skills.

The program was developed by the California Governor's Committee for Employment of Disabled Persons in 1992. The Office of Disability Employment Policy seeks to replicate this initiative around the nation. The YLF is implemented at the state level by state and local partners.

The Missouri Governor Council on Disability and the Missouri Planning Council for Developmental Disabilities are the major partners in the Missouri Youth Leadership Forum 2006. This leadership forum will be the only one designed for students with disabilities in Missouri.

How are delegates selected for the forum?

The *delegates* are chosen through a statewide competition that seeks students with disabilities who have leadership potential. Each applicant submits a standard form, an essay, and three (3) letters of recommendation. The group that is selected is representative of the state in terms of geography, gender, economic status, ethnicity, and different types of disabilities.

Cost and Location: The program is free of charge for the students. Students will be staying at the University of Missouri's accessible dorm in Columbia, Missouri. Students will be responsible for their own transportation to Columbia, MO. Start date is July 23, 2006 and ending July 26, 2006.

What is the agenda?

1. Leadership Principles and Their Application
2. The Disability Experience and Resource Sharing
3. Assistive Technology and Resources
4. The Development and Achievement of Career Goals and Independent Living
5. Developing Advocacy Skills
